SUMMARY

Dedicated Environmental Studies B.S. student at UCSB with hands-on research, laboratory, and field experiment experience. Passionate about environmental data analysis, climate change solutions, and ecology. Experienced in statistical data analysis and data visualization using RStudio, project management, and advocacy.

SKILLS

- Data Analysis: RStudio (Data Visualization, Cleaning, and Analysis), Google Sheets
- Research**:** Field Research, Soil Coring, Experimental Design, Environmental Monitoring
- Communication & Leadership: Environmental Advocacy, Public Speaking, Project Management

EDUCATION

University of California, Santa Barbara — B.S. Environmental Studies, GPA 3.62 (Expected 2028)

- Relevant Coursework: ENVS 193DS (Statistics for Environmental Science) EEMB 2, EEMB 3, ENVS 130C (Aquatic Food Management), ENVS 40 (Critical Thinking and Reasoning), EARTH 4 (Intro to Oceanography), ENVS 133 (Biodiversity and Conservation, in progress)

ENVIRONMENTAL RESEARCH AND WORK EXPERIENCE

Research Assistant for An Bui **Oct 2026 - present**

- finding, working with, and producing data visualizations from SBC LTER data sets for preparation for Professor Bui's winter course, ENVS 193DD (examples of work on website)

Research Intern, Cheadle Center **Jan 2026 - Jun 2026**

- Collected, processed, and analyzed soil core samples to assess salinity gradient dynamics at the North Campus Open Space restoration site
- Designed and executed a greenhouse experiment evaluating *Stipa pulchra* growth under variable salinity treatments; rendered data visualizations and preliminary statistical figures in R-Studio (see my website for visualization created)

Canvasser and Field Manager, Environment California and CALPIRG **Jul 2025 - Aug 2025**

- Canvassed and raised donations to support environmental campaigns, surpassing weekly fundraising quotas
- Directed canvassing teams in the field and helped manage cash out procedures

Intern and Board Member, CALPIRG Students **Jan 2025 - Jan 2026**

- Elected to UCSB CALPIRG Student board; helped with chapter operations and demonstrated leadership
- Worked on Make Polluters Pay campaign and co-coordinated the Save the Bees campaign

Volunteer Instructor, Sprout Up **Oct 2024 - Dec 2024**

- Taught elementary school students foundational concepts in environmental science and ecology
